Notes

sharing photo with LBYS group even though I didn't buy the yarn there b/c the Studio didn't exist yet (well it did but wasn't open)
20090515- 9:15a bound off bottom edging (did 5 ridges) pictures soon.
20090508- just in time for warmer weather (I missed finishing for the cool spell this past week) the sleeves are done and it's time to figure out how long I want this.
20090321- now that e's sweater is mostly done i think i'll work on mine. you know, in time for summer.
20081224- made it past yoke increases while watching Ice Age: The Meltdown. At this rate the sweater should take three more years.. ;)
20081005- 55% off coupon made my 36" 5mm clover affordable. CO in the car and it's my bribery for today. IFF I finish a bunch of work in the next hour I can knit until dinner and for a bit after. Tested buttonhole size and will now start looking for the perfect button.
